SANDY PINES POLICY UPDATE

We understand that social distancing is challenging for our local community. We respect the need for people to get outside for fresh air and exercise.

Sandy Pines Golf Club does not allow fishing, walking, bike riding, or personal golf cart use.

This policy is put in place for your own protection and for the safety of our guests. Thank you for your cooperation!

We will have Rangers monitoring the golf course.

COURSE CONDITION UPDATE

In an effort to maintain the great course conditions and protect the turf around the greens at Sandy Pines, we have placed **3' tall stakes** on some holes near the cart paths.

We are asking that all carts exit to the cart path prior to the stakes.

We are experiencing a higher volume of traffic due to the “1 person per cart” rule. Due to more cart usage, you will notice these stakes in additional areas on the golf course.

Thank you for helping keep Sandy Pines Golf Club in GREAT playing condition!
